Shadow Member of Mayoral Committee for Public Safety: DA Cllr Michael Sun**

MEDIA RELEASE: Thursday, 29 October 2015

DA helps Ivory Park Primary School get school equipment

Eight DVD players were donated to the Ivory Park Primary School on Tuesday with the help of the Democratic Alliance Shadow Member of the Mayoral Committee for Public Safety Councillor Michael Sun who.

Councillor Sun was approached by the school to assist them to get the equipment that they need for class.

He says after putting the word out there, Buyfast.co.za approached him in order to assist by making a donation of 8 Omega DVD players for this good cause.

“Although Ivory Park Primary School is one of the major primary schools in Ivory Park with over a thousand learners, it amazes me that the school had not been supplied with all the necessary educational equipment,” says Cllr Sun.

“When I met with the school principal and management I was given a list of items needed, it really surprised me that teachers are left to educate the children without essential equipment.”

He says that education is very important as it is the key to a brighter future for many of the young people in the townships.

Councillor Sun says, “We are in the 21st century and the DVD players will help the teacher do their jobs more efficiently giving hope to our future generation.”

During his visit at the school Councillor Sun also took the opportunity to encourage the learners to do well in their final exams.
