

**We were created to be AWESOME not perfect.**

February has been all about the property valuation and the rate policy public meetings.

The public meetings have all been concluded as of today, if you would like to add your comments to this process please email

[ratescomments@joburg.org.za](mailto:ratescomments@joburg.org.za)

The valuation notices were emailed to the residents that get their accounts via email normally, all other residents will receive theirs in the post. If you disagree with this new value, please submit your objection and proof of the value you think is correct on the online platform or visit your local walk-in center.

<https://www.joburg.org.za/services/Pages/City%20Services/Valuations/Valuations1123-1102.aspx>

You value for your property must be as close to the 1 July 2017. On the 1 July 2018 the new value will be charged.

**You have two choices:**

1. You pay the full incorrect amount and once the objection has been reviewed and your value is then corrected, the city will refund you.
2. You pay the rates as per the value you think is correct BUT if the objection is dismissed you will be liable for the shortfall within 7 days.

**What Would you like to see at the Rieffontein Reserve?**

City Parks has received some funding for the reserve. I have suggested that you the residents decide how we spend this money to get you back to using this facility.

Please send your suggestion to [candice@forward.joburg](mailto:candice@forward.joburg) with the email subject "Our Rietfontein"

## Billing Queries

I'm currently still getting a lot of billing issues. Please note that I can only assist after you have received a reference number that is older than 30days.

Resolutions have been slow, so I have now arranged a meeting with the resident/s and the Region A billing department. Friday the 2<sup>nd</sup> March 2018 I have 3 meetings booked. If we are successful I will continue to do this until all ward 93's billing issues are resolved.

### Common Courtesy Day: 21 Mar 18
